

All that we have hidden shall be revealed. The things we have done in the body will come back to us, whether good or bad. Every pious thought, and every thought of sin; every secret prayer, and every secret curse; every unknown deed of charity, and every hidden deed of selfishness; we will see them all again, and though we have not remembered them for years, and perhaps have forgotten them altogether, we shall have to acknowledge that they are our own. Is not that a solemn thing to stand at the end of life?
